OPEN ANNUAL IFC WEEKEND HERE FRIDAY

Many leaders in the college fraternity world will be on the Gettysburg campus Friday, Saturday and Sunday for the school's 28th annual Interfraternity Weekend.

The program is scheduled to begin Friday at 5 p.m. when Robert W. Kelly, New York City, president of the National Interfraternity Conference addresses the Interfraternity pledges' banquet at the Hotel Gettysburg. Dr. C. A. Hanson, president of Gettysburg College, will also speak and Frank Martin, IFC president, will be the toastmaster.

At the same hour, fraternities will exchange members and conduct dinner discussions on the theme: "Fraternities — Planning for the Future." Topics related to the theme include improving scholarship, college-fraternity relations, financial responsibility, housemother-chapter relations, rushing, pledge training, kitchen and dining operations, property maintenance and social customs. National officers will serve as consultants for these discussion groups.

EXPECT 1,500

More than 1,500 undergraduates, faculty, alumni, visiting deans and national officers are expected to attend the annual IFC-Panther Sing Friday at 8 p.m. in the Student Union ballroom. Dr. Hanson will extend greetings to the visitors and Mr. Kelly will present greetings from the National Interfraternity Conference.

Presentation of awards will be made by IFC President Frank Martin and Panhellenic President Dorothy Hill following the sing. Visiting officers and guests are to be introduced by David Bushman, president of the Gettysburg Alumni Interfraternity Conference.

Events scheduled for Saturday morning include a breakfast for (Continued On Page 3)

ANN LOTT IS IFYE DELEGATE FROM COUNTY

Miss Ann Lott, daughter of Mr. and Mrs. Robert C. Lott, Aspers, has been selected by the National 4-H Club Foundation, Washington, D.C., as the International Farm Youth Exchange delegate from Adams County.

The national foundation assigned Miss Lott to Scotland. She will leave for Scotland in May after a week of intensive orientation in Washington.

Richard Weaver, president of Adams County Senior Extension, announced at a recent meeting of the IFYE committee that the

MISS LOTT

organization will sponsor a fund drive for Miss Lott's exchange trip.

Representing Adams County Senior Extension on the IFYE committee are Janet Bretzman, Bendersville; Karl Gass, Gettysburg R. 2; Gregory Gebhart, Hanover; Dorothy Gerriek, Littlestown; Ann Keiler, Gettysburg R. 3; Mr. and Mrs. Richard Weaver, Gettysburg R. 6.

Joseph Lutz, assistant county agent, informed the club that \$1,000 is needed to finance the trip. In order to raise this sum, the Extension IFYE Committee is soliciting funds from county organizations and local citizens. This \$1,000 is the county's share of the exchange cost.

DR. WALTEMYER BEGINS DUTIES

Dr. W. C. Waltemyer, retired head of the Gettysburg College Bible Department, assumed the duties of visitation pastor for St. Paul's Lutheran Church, Hanover, today. Dr. Waltemyer recently accepted a unanimous invitation from the church council to fill the post.

Dr. Waltemyer is a native of Baltimore County, Md., and was educated in Baltimore public schools. He received a Bachelor of Arts degree in 1908 from Gettysburg College, where he was a member of Phi Beta Kappa. He was graduated in 1911 from the Lutheran Theological Seminary, Gettysburg, with a Bachelor of Divinity degree. He served pastorates in Pennsylvania, Maryland and Washington until World War I, when he became an Army chaplain. He served in Boston, Mass., and later overseas with the 71st Artillery of the First Army.

He did graduate work in philosophy and religion at American University, Washington, receiving the Master of Arts degree in 1925 and the Doctor of Philosophy degree in 1929. From that time until his retirement in 1960, Dr. Waltemyer taught as professor of Biblical literature at Gettysburg College.

The pastor and Mrs. Waltemyer, a native of Baltimore, are the parents of six children, Miss Miriam Waltemyer, instructor in Latin at Gettysburg College; Mrs. W. Edward McHale, wife of a Lutheran pastor in Scranton; Mrs. James M. Smith, wife of Dr. Smith, Carlisle pathologist; Dr. W. C. Waltemyer, a practicing surgeon in Pottstown; Mrs. George E. Stauffer, wife of the pastor of St. Paul's, Hanover, and Mrs. Thomas J. Weber, wife of a Lutheran pastor in Baltimore.

LIST CASTS OF FOUR ONE-ACT PLAYS AT GHS

Castings were announced today for four one-act plays to be presented by Junior High School pupils in the school auditorium here Friday evening. Curtain time will be 7:30 o'clock. Miss Ruth A. McIlhenny and Mrs. Charles A. Smith are directing the plays.

The first will be "The Boy, Abe," and will portray a little-known side of Abe Lincoln's early emotional life. John Schwartz will play the role of Abe Lincoln and others in the cast will include Robert Deitch, Renfred Zepp, Jeff Naugle, Kathy Fohl, Donald Lott, Diane Bream, Jamie Smith, Ann Reinberger, Willis Musselman, and Dennis Baltzley.

In the second play, "Hurricane Hill," a doctor establishes himself in a community where he becomes a hero by immunizing the people from smallpox. The cast will include Barry Baltzley, Jeffrey Dengler, Carole Smith, Douglas Weikert and Helen Oylar.

"Displaced Baby Sitter" is the title of the third play in which a refugee coming for adoption turns out to be 18 years old instead of an infant. The characters will include David Hoffman, Susan Nunamaker, Steve Koons, Nancy Zinn, Bruce VanDyke, Barbara Clapper and Brenda Liss.

The final play will be "My Last Duchess." The plot concerns an Italian duke who is bargaining for another wife and is based upon Robert Browning's poem by the same title. There will be a monologue introducing the play by Nancy Rosenberger. The cast will include James Pickering, Henry Nixon, Carol Codori, David Neth and Bonnie MacPhail.

Tickets are selling at 25 and 35 cents each. Reserved seats will be available at the box office Friday evening.

LOCAL PASTOR GIVEN DEGREE

Rev. Harold J. Myers, pastor of Foursquare Gospel Church, received an honorary Doctor of Divinity degree from his alma mater, LIFE Bible College, during the annual convention of the International Church of the Four-square Gospel held recently in Los Angeles. It was presented by Dr. Rolf K. McPherson, president of the organization and college, and Dr. Clarence E. Hall, dean. He was one of five to be so honored this year.

Immediately following graduation in 1934 from the Bible training center founded by the late Aimee Semple McPherson, Rev. and Mrs. Myers returned to Gettysburg and pioneered a church of their denomination.

Rev. Dr. Myers has assisted in pioneering churches of the Foursquare Gospel in Erie, Hanover, Oxford, Lancaster, Greencastle and Harrisburg; Hyattsville, Md.; Staunton, Va., and Martinsburg, W. Va. He serves on the board of regents for Mt. Vernon Bible College, the organization's eastern area college.

Twenty-two Foursquare Gospel ministers received 25-year service pins during the recent nine-day convocation.

5 GHS PUPILS WIN ART HONOR

Five Gettysburg Senior High School students have been listed as gold medal winners in the central Pennsylvania scholastic art awards contest, Principal Charles E. Tressler announced today.

Work of 12 local students was entered and these five were listed by the sponsoring WGAL-TV as medal winners: Charles Baker, Fayetteville R. 2, a Junior; Nancy Voss, Gettysburg R. 1, a Junior; Linda Simpson, Gettysburg R. 6, a Sophomore; Ronald Reaves, Gettysburg R. 2, a Junior, and Frank Wilde, Gettysburg R. 1, a Senior. Rusk Pledges Fighting Action If Castro Tries To Extend Red Program

By JACK BELL
WASHINGTON (AP) — Secretary of State Dean Rusk has pledged that Fidel Castro will be blocked from trying to export armed attack. His assurances seem unlikely to quiet the crackling debate over the administration's handling of the Cuban problem.

Rusk said in Houston Tuesday night that if Cuba tries to use arms outside its territory it "will be met with the armed forces of the hemisphere" and repeated that "a Soviet military presence on that island cannot be accepted."

Use of arms by Cuba outside the island, he said, would be "intercepted, interrupted and stopped."

NO RED SURE

"Cuba must not become a source of infection for the hemisphere," he told a Texas Daily Newspaper Association meeting.

Senate Democratic leader Mike Mansfield of Montana said Rusk's

EXPECT JFK TO NAME CHARYK TO NEW POST

By JOSEPH E. MOHBAT
WASHINGTON (AP)—President Kennedy was expected to announce today the selection of Undersecretary of the Air Force Joseph V. Charyk to head the new U.S. commercial communications satellite firm.

Charyk, holding 42-year-old son of a Canadian railroad worker, will take over a post that carries a salary of at least \$100,000 a year, say sources close to the Communications Satellite Corporation.

Although he declined to comment Tuesday night on advance word of his selection, his excited wife, Edwina, gave the story away to a newsman with: "Oh, my goodness! That was supposed to be announced by the President tomorrow!"

ANXIOUS FOR POST

Friends of Charyk—a recognized master in the field of high speed flight and jet propulsion—said he is tremendously excited over the impending task.

That task is to create a federally sponsored but privately owned company to launch—via space satellites—a commercial communications business. Congress approved it last year. The firm was incorporated Feb. 1.

A native of Canmore, Alta., Charyk gathered engineering and physics degrees from the University of Alberta and California Institute of Technology. Two years after winning a doctorate at Caltech, he became a U.S. citizen in 1948.

FRAUD CLAIM IS APPROVED

HARRISBURG (AP)—The U.S. government's claim of \$143,052 against the state in repayment for surplus food lost through fraud in Westmoreland County was approved Tuesday by the House Appropriations Committee.

The bill was sent to the House for a final vote by the full membership. Appropriations Chairman Blaine C. Hocker said the committee had no choice but to approve the claim since continuation of the federal surplus food program for needy Pennsylvanians might be jeopardized by refusal to pay.

The claim grew out of an investigation into distributions during the period from July 1, 1956, to March 30, 1959.

The county's surplus food director, his assistant and two others were convicted in 1960 on charges of selling the food supply after certifying requests for food in excess of the actual number of persons actually receiving it.

The federal government filed a claim for \$400,000. This was reduced after 18 months of negotiation to \$165,000. Westmoreland County paid \$21,948.58 of the final amount.

Heinz Suspends Tomato Processing

PITTSBURGH (AP)—H. J. Heinz Co. said today fresh tomato processing operations will be suspended during the forthcoming season next fall at the Chambersburg, Pa., and Bowling Green, Ohio, plants.

A company spokesman said the action will be taken because of heavy production last season, and in line with a request of the government to cut back new processing.

Blaze Destroys Mid-town Building

PHILADELPHIA (AP)—A four-story commercial building in the east part of Philadelphia's center city was wrecked Tuesday night by a five-alarm fire.

Destroyed was the Santa Pack Co. Flames threatened other structures before the fire was controlled.

Nearby streets were glazed with ice as firemen fought the blaze in sub-freezing temperatures.

Cause of the blaze was not known.

STATE COURT FREEZES TWO MILLION FUND

HARRISBURG (AP)—A hearing is scheduled Friday on a temporary restraining order by Commonwealth Court freezing \$2 million of the Empire Mutual Insurance Co. in a Philadelphia bank.

The order was issued Tuesday upon request of state Insurance Commissioner Audrey M. Kelly through Dept. Atty. Gen. Frederick G. Antoun and attorney Joseph Moomaw.

The Insurance Department said Empire Mutual was planning to transfer the money from the Broad Street Trust Co. in Philadelphia.

President Judge Walter R. Sohn of Commonwealth Court said in handing down the order:

"It appears that immediate and irreparable injury will be sustained by the policy holders and creditors of Empire Mutual and to those who may have claims against the company and to the be given or a hearing held on this matter."

Court records showed that the \$2 million was received by Empire Mutual May 16, 1961, from General Mutual Inc., and deposited in the National American Bank of New Orleans.

The Pennsylvania insurance commission learned of the deposit and insisted it be moved to the state, court officials said. The money was transferred Sept. 6, 1962.

Court officials added that the certificates of deposit state the money will be paid to the registered owner on March 6, 1963. The state insurance commission, however, said it learned the certificates were to be transferred. Commission officials refused to elaborate.

GIRL, 14, FLEES DENTAL CLINIC

LANCASTER, Pa. (AP)—A 12-year-old girl, apparently with fear of dentists and needles, ran away from a dental clinic Tuesday and walked 11 miles home while state and local police searched about 12 hours for her.

The girl, Bonnie Cavanaugh, of Columbia, Pa., disappeared from a Lancaster Dental Clinic, her parents said, when she learned she had to have some teeth pulled. They said she feared dentists and needles. The parents asked police to look for the girl.

Shortly before midnight her father, James Cavanaugh, notified police he found the girl in an alley near their home. He said she walked home from Lancaster—a distance of about 11 miles.

Telephone Mrs. John Leeti, Biglerville 677-7612

At the recent meeting of the Upper Adams Lions Club in the Biglerville High School cafeteria, John I. Toomey, vice president and senior staff officer of the York Bank and Trust Company, York, presented an illustrated lecture entitled "Treasures In Heaven." He emphasized the importance of making a will. "Many times this is a matter that easily deferred, and particularly so by young people and those who claim ownership," he said. A question and answer period followed.

Attorney Gerald Walmer will be the speaker at the club's March 5 meeting.

During the brief business session, President Shetter announced that on March 10 an oral polio vaccine distribution will be made in Biglerville under the supervision of Dr. Raymond M. Hale Jr., Arendtsville. Dr. Hale has requested the assistance of the Upper Adams Lions and Robert Gillelan, chairman for the arrangements, reported he had enrolled a number of volunteers.

At a board meeting the directors voted to donate \$120 to the Adams County Public Library to be used for the extension of the bookmobile service in the community. Mrs. Oren Wilson, librarian, has advised that the bookmobile will visit the community twice a month. With the expanded service and facilities, she said, many more books will be available for children and adults. For schedules of the bookmobile visits, pamphlets are being prepared for the school children and announcements will be made through The Gettysburg Times and over WGCT.

In addition to the contribution to the library, the board voted \$25 to the Northeast Pennsylvania Eye Bank, Inc., an organization to which Lions may wish their eyes at death for cornea transplants.

The sight committee reported that four pairs of glasses were supplied to children during February.

Miss Dorothy Nary, New York City, spent the weekend with her mother, Mrs. O. A. Nary, Biglerville.

Mr. and Mrs. Leo Kleinfelter and family, Bethesda, Md., visited over the weekend with Mr. Kleinfelter's parents, Mr. and Mrs. L. W. Kleinfelter, Biglerville.

Miss Linda Roth, Baltimore, visited over the weekend with her parents, Mr. and Mrs. Dale H. Roth, Gardners R. 1.

Steve Gettler, son of Mr. and Mrs. Roy Gettler, Biglerville, attained the dean's list at Susquehanna University, Selinsgrove, for the last semester. He is a Senior.

The play, "Charley's Aunt," a three-act comedy, will be presented in the Biglerville High School auditorium Friday evening at 8 o'clock for the benefit of the foreign exchange student fund and High School Athletic Association.

The Biglerville Garden Club will sponsor an indoor garden party Monday evening at 7:30 o'clock in the Biglerville Elementary School cafeteria. All Scouts and their leaders in the community are invited. A program is planned with Scout participation. Mrs. Clair Shillito is chairman of the committee in charge of arrangements. Others on the committee are: Mrs. M. Francis Coulson, Mrs. Joseph Kiser and Mrs. Arthur Boynton. Hostesses for the evening will be Mrs. Wilmer Diehl, Mrs. Daniel Dentler, Mrs. L. V. Stock, Mrs. Harold Bucher and Mrs. Richard Trostle. At the close of the program a brief business session will be conducted by the president, Mrs. Earl Carey.

Mr. and Mrs. Joseph Fuller, Annapolis, Md., spent the weekend with Mr. and Mrs. William B. Lower, Biglerville R. 2.

The Arendtsville Home Extension Group met Monday evening in the social room of the Arendtsville Bank with seven ladies present. "Hooked Mats" was presented by Mrs. Kenneth Taylor and Mrs. Dean McCauslin. The next meeting will be held March 12 at 7:30 o'clock at the home of Mrs. C. William Settle, Biglerville R. 2, when the subject will be "Window Treatment."

Gov. Scranton Seeks Federal Transit Aid

HARRISBURG (AP)—The U.S. House Banking and Currency Committee studying mass transportation problems opens hearings in Washington, D.C., today with a plea by Gov. Scranton for federal aid to the country's mass transit systems.

"Pennsylvania communities share the need of others across

America for the assistance in mass transportation problems which would be offered by a bill you are now considering," Scranton said in a telegram to Rep. Wright Patman, D-Texas, committee chairman.

"As a member of the Congress last year I had the opportunity to support a similar measure. As governor of Pennsylvania I respectfully request that you list me as one of those favoring the new bill," Scranton said.

FATHER FORMS BUS CLUB FOR DEAF CHILDREN

A father's determination to have his deaf son home on weekends from the school he attends prompted a York man to establish weekend bus service for 125 deaf boys and girls between Chambersburg and Philadelphia. And what began as a leased service now has been organized as a nonprofit Deaf Children's Transit Club.

Clyde L. Eisenhart, York, was dumfounded by the discovery several years ago that his son, Brian, had been deaf since birth, but he was determined that the youngster should not be deprived of parental attention and affection when he was enrolled in the Pennsylvania School for the Deaf at Philadelphia at the age of four. The school has an enrollment of more than 1,000 handicapped children who normally remain at the school for several weeks at a time.

MADE MANY TRIPS

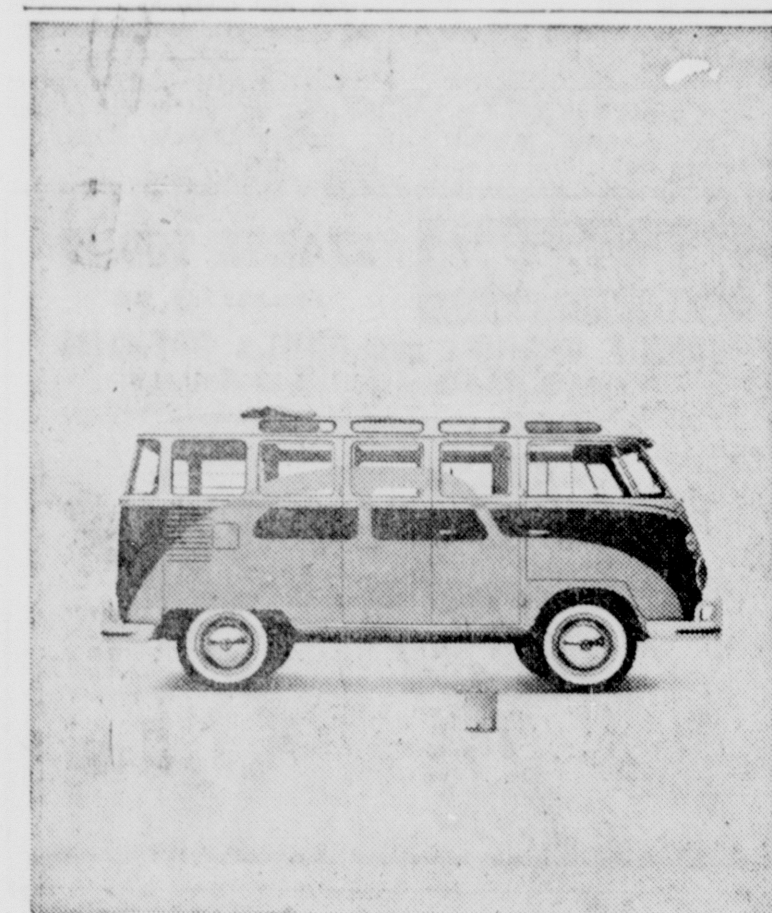

The Eisenharts wanted their son home for weekends, and for a long time made two round trips by car every weekend to accomplish their desire. However, they soon discovered that numerous other families in the southeastern area were also making the trips to visit their deaf children. Eisenhart contacted many parents in an effort to pool the responsibility of bringing the youngsters home.

The youngsters soon outgrew the Volkswagen station wagon Eisenhart used, and a second-hand bus was obtained through the diligent search by Eisenhart to interest sponsors in contributing to the nonprofit club, the only organization of its kind in the state. One contributor was George Rosentel, proprietor of the Electric Map, Gettysburg, who gave a \$500 cash contribution in exchange for a long-term advertisement on the bus.

The large bus is required to carry the youngsters between York and Philadelphia, and the Volkswagen still is used for the few youngsters who live beyond York. Mr. and Mrs. Eisenhart assume the full responsibility for operating the service and maintaining the vehicles for the club from contributions from the families of similarly handicapped children who attend the school. They insist that their deaf son has been able to enjoy a normal family life despite his affliction because of their dedication to a transportation problem.

TROOPER TO SPEAK

Members of the Young Farmers Association of Berks County will hear a state trooper discuss highway laws of concern to farmers Thursday evening at a meeting of the vocational agriculture room of the high school. The meeting will convene at 8 o'clock. Carroll C. Slothower is the advisor.

That's about the size of it.

That special paint job is to make it perfectly clear that our Station Wagon is only 9 inches longer than our Sedan.

Yet it carries almost a ton of anything you like. (About twice as much as you can get into wagons that are 4 feet longer.)

Or eight solid citizens, with luggage.

Or countless kids, with kid stuff.

The things you never think about are worth thinking about, too.

You never worry about freezing or boiling; the rear engine is air-cooled.

You can expect about 24 miles per gallon and about 30,000 miles on your tires.

And you can forget about going out of style next year; next year's model will look the same. The most expensive VW Station Wagon costs \$2,655.00. It comes in red and white or grey and white or green and white.

And you won't ever have to go around painting sedans on it to show how small it is.

"OUR ENCHANTED LAND"

It was a wondrous journey . . . to an enchanted land . . . we traveled on together . . . always hand in hand . . . two hearts beat for each other . . . in blissful harmony . . . gathering faith to face . . . what was yet to be . . . how sweet the fleeting moments . . . how warm the tender hours . . . how happy were the times we spent . . . beneath the lilac bowers . . . even when the skies were gray . . . our hearts beheld the sun . . . you for me and me for you . . . true love made us one . . . and when at last we reached our goal . . . the thrill was oh so grand . . . yet, from the moment we first met . . . we had found our enchanted land.

SOROPTIMISTS

(Continued From Page 1)

25: Mrs. Frederic Griest, chairman; Miss Jane Stallsmith, Mrs. George Eberhart and Mrs. Carver.

Mrs. Estelle Williams reported on the Civic Council meeting she had attended. Mrs. Howard Hartzell reported for the ways and means committee and reminded the members of the rummage sale the club will have April 19 at the GAR building, E. Middle St. Mrs. Evelyn Altoff, chairman of the constitution and bylaws committee, explained about changes to be made in the bylaws to bring them up to date, and the club voted to make these changes official.

INVITED TO DINNER

President Gregg said that an invitation had been received from the Carlisle Soroptimist Club to attend their 17th birthday anniversary on March 19. She said reservations should be made not later than March 12. The draw prize was donated by Mrs. Harvey Warner and won by Mrs. Donald E. Myers. The meeting closed with the Soroptimist pledge.

The coffee hour was in charge of Mrs. Myers, chairman; Mrs. Curtis Flohr, Mrs. Glenn Guise, Mrs. James A. Knox and Mrs. Harry E. Manning.

Twenty-seven members attended the meeting. Mrs. Gregg presided and officers' reports were given by Mrs. Thomas Brenner, the secretary, and Mrs. M. E. Zinn, treasurer.

BURY R. A. HELLER

Funeral services for Russell A. Heller, 57, Gardners, R. 2, who died Saturday afternoon in the Carlisle Hospital, were held this afternoon at 2 o'clock from the Dugan Funeral Home, Bendersville. Rev. John Loewen officiated. Interment was made in the Bendersville Cemetery. The pallbearers were: Edward, Raymond, James, Junior, Eugene and Arthur Heller, cousins of the deceased.

Churches Oppose Legalized Bingo

HARRISBURG (AP)—The Pennsylvania Council of Churches says it is opposed to a bill before the General Assembly that seeks to legalize the playing of bingo for prizes.

The House bill provides for local option in the licensing of bingo for certain charitable organizations.

The Rev. George I. Evans, the council's executive secretary, said Tuesday its legislative committee has adopted a resolution opposing the bill. He said the committee's action does not need the approval of the council because the resolution merely implements a general policy which the group adopted several years ago.

visiting national officers and deans at the college dining hall by President Hanson.

A general meeting and open discussion for visiting officers, deans, faculty, fraternities, sororities and friends will be held at 11 a.m. in the Student Union ballroom.

Dr. Andrew G. Truxal, president of Anne Arundel Community College, formerly president of Food College, will be the guest speaker. Panel members include Dr. Sherman Oberly, president of Roanoke College and national president of Alpha Tau Omega; Col. John M. MacGregor, past president of the National Interfraternity Conference, and John W. Shainline, dean of students at Gettysburg College.

An Alumni Interfraternity Conference luncheon will follow at 12:30 p.m. in the college dining hall with David Bushman presiding.

The weekend program will conclude with a service in Christ Chapel on Sunday at 10:45 a.m. Guest preacher will be Dr. George F. Harkins, New York City, a member of Kappa Delta Rho and an alumnus of Gettysburg College, who is assistant to the president of the Lutheran Church in America. The Chapel Choir will present special music at this service.

PASTOR FROM

(Continued From Page 1)

United Church of Gettysburg. The service will be led by representatives to United Church Women from the various churches of the community.

The offering will be sent to the Divisions of Home and Foreign Missions of the National Council of Churches to be used to strengthen the outreach and ministry of the Christian church to the world. Of special interest to residents of Adams County will be the contributions from the national council through the World Day of Prayer services to the migrant ministry.

There will be a preschool nursery during this service in the parish house on Baltimore St. A special children's service of prayer and giving will also be held Friday from 4 to 5 o'clock in the fellowship hall of Memorial Evangelical United Brethren Church. A film strip, "Sunday Around the World," will be included in the program in which many children from the community churches will participate.

Mrs. Paul L. Reaser, president of United Church Women of Gettysburg, requests the officers remain following the prayer service for a brief but important meeting.

DEAD FLYERS TO BE BURIED IN ONE GRAVE

By ELTON C. FAY

WASHINGTON (AP)—Eleven airmen who died together 19 years ago will finally be put to rest today in a single grave not far from the Tomb of the Unknowns.

The 11 were killed when their 5th Air Force B25 smashed into the side of a tropical mountain in New Guinea on Feb. 1, 1944.

For 17 years their fate was a mystery. The plane had been on a ferrying mission from Dobodura to Port Moresby. The last word heard from the plane was that it had run into bad weather and was turning back. Then silence.

FOUND IN 1961

After a number of unsuccessful searches, a U.S. Army-Australian search party in April 1961 found the wreckage, and the remains of the men, 10,500 feet up on Mt. Kenevi in the Owen Stanley Range. It was one of a dozen such wrecks found in the New Guinea wilderness since World War II.

Recently, the Defense Department brought the crew's remains home, arranged for military honors and burial in Arlington National Cemetery, and brought the next of kin to Washington for the funeral today.

The 11 were: Sgt. Jack E. Beals, West Hollywood, Fla.; Staff Sgt. Marvin Culbreth, Dearing, Ga.; Sgt. Harold B. Davis, Zanesville, Ohio; Lt. Angelo C. Dellisante, Corning, N.Y.; Sgt. Charlie G. Fann, Murfreesboro, Tenn.; Lt. Walter R. Gerry, East Providence, R.I.; Sgt. Raymond F. Greene, Norwood, Mass.; Cpl. Edward R. Howard, Hingham, Mass.; Capt. Rudolph W. Johnson, Muskegon, Mich.; Sgt. Milton S. Miller, Bridgeport, Conn.; Capt. Lamar S. Russell, Goldhill, N.C.

GLUE FUMES FATAL TO BOY

KINTERSVILLE, Pa. (AP)—The office of the deputy Bucks County coroner has ruled the death of John Ponce Fenley was the result of sniffing the fumes of airplane glue.

Fenley, 18, who recently withdrew from Xavier College in Ohio after one semester, died Thursday. The deputy coroner's report was issued Tuesday.

It said Fenley apparently suffocated when fumes from the glue, containing the chemical trichloroethylene, placed in a plastic bag, caused his windpipe to close. A spokesman said the youth did not suffocate from effects of the bag.

His body was found by his mother, Ethel, in their family home.

A. J. SORDONI PASSES AWAY

MIAMI BEACH, Fla. (AP)—Andrew J. Sordoni, 75, Wilkes-Barre, Pa., industrialist and former Pennsylvania state senator, died today at his winter home.

He was state secretary of commerce under former Gov. John S. Fine. Sordoni was semi-retired but maintained active interest in his Sordoni Construction Co. in Wilkes-Barre. He also owned a chain of hotels, including the Sterling in Wilkes-Barre.

A daughter, Mrs. Joseph Sekera, Dallas, Pa., said Sordoni died "in his sleep about 6 or 7 o'clock this morning." She said Sordoni's wife, Ruth, and a son, A. J. Jr., of Forty Fort, Pa., also were present. Sordoni had spent the past 15

Donates Ground To Slippery Rock

HARRISBURG (AP)—Mrs. Emma Guffey Miller's donation of 42 acres of land in Butler County to Slippery Rock State College was approved Tuesday by the House State Government Committee.

Mrs. Miller, Democratic national committeewoman from Pennsylvania, had suggested the land be used for nature study and as a bird refuge. The suggestion was noted in the bill authorizing the state to accept the grant.

Committee approval placed it before the House for final consideration.

Exempt from the gift is the Creek House, for as long as her lease to Howard R. Taylor, after which the house would become part of the grant.

The property, in Slippery Rock Twp., was once the site of an Indian camp.

WELFARE UNIT STUDYING PAY AND WORKERS

By VINCENT P. CAROCCI

HARRISBURG (AP)—The Public Welfare Department is taking a long, hard look at its personnel and payroll—particularly at its "established institutions." The objective is to eliminate as many "unnecessary" jobs as possible. Secretary Arlin M. Adams said today.

Adams told The Associated Press the review started only recently, so he had no idea as yet what jobs and how many of them could be eliminated. He said:

"I'm positive that we have people whose functions are not necessary. How many, I don't know. But I should have a good idea in two or three weeks. By that time we should have a good cross section."

EMPLOYS 25,000

The Welfare Department employs some 25,000 workers and has a bi-weekly payroll of \$4,013,183. More than half that personnel complement—about 17,500—is employed at state hospitals and takes home a bi-weekly salary of \$2,687,977.

Thus, Adams said, the "main thrust" of the review is directed "at the established institutions," although the new institutions are "subject to scrutiny."

This job review is "consistent with the governor's austerity program," Adams said, but added that he called for a personnel review when he took office.

RECEIVED ORDERS

The department's austerity move came shortly after the Scranton administration took office last Jan. 15. From other sources it was learned that these orders were issued:

First, requisitions for "promotions, replacements or new positions" on county boards of assistance were to be held up until "the situation is resolved."

Also, no action was to be taken on appointments or promotions previously approved, but not yet acted upon.

The word went out to institutions, too.

The authorization to appoint certain classes of attendants, food service workers, cooks and nurses "without prior review and approval of the bureau of personnel" was "rescinded immediately."

Also, no employee was to begin work "prior to receipt of the approved personnel action notice from the DPW bureau of personnel."

ORDERS MODIFIED

The orders were later modified. County boards of assistance were allowed to "resume all personnel activity." New institutions in the process of "initial staffing" were permitted to continue "full recruitment activities."

The latter applied to these institutions: Haverford State Hospital, Ebensburg State School and Hospital, Eastern State School and Hospital, Western State School and Hospital, and Cresson Youth Development Center.

These are the institutions Adams said "are subject to scrutiny."

The order pertaining to attendants, food service workers, cooks and nurses was rescinded—they could be hired once again without prior approval.

But all other "appointments, reinstatements, promotions and returns from leaves of absence—must be justified to the secretary of administration."

SAIGON, South Viet Nam (AP)—U. S. helicopters in South Viet Nam have been ordered to shoot first at Communist guerrillas while escorting airborne troops.

The new orders, which went into effect Tuesday, extend the role of armed escort helicopters which previously were required to hold their fire until fired on by the Communists.

TO IMPROVE AT MONT ALTO

UNIVERSITY PARK—The Mont Alto campus of the Pennsylvania State University will begin renovations to its buildings this spring in preparation for the new and expanded programs that will begin in the fall.

Included in the improvements will be the renovations of one building to provide living accommodations for coeds — the first coeds to enroll at the campus in its 6-year history. Since 1903 the campus has served mainly as a forestry school and has attracted only men.

The renovations will also help provide room for the campus's expanded curriculums, including the basic Freshman year for four-year students and two-year programs for technical students.

Conklin Hall, which has served in the past as a men's dormitory, will be remodeled to become a women's dormitory. Room sizes will be changed, interiors will be painted, and floors refinished. The rooms, providing living space for 38 girls, will also be equipped with complete new furnishings. A visitors room will be added on the ground floor and a married couple will be employed to supervise the dormitory.

BITTER COLD GRIPS STATE

By THE ASSOCIATED PRESS

Bitter cold continued to grip Pennsylvania today, pushing temperatures well below zero in many communities.

Some relief was in sight, with the U. S. Weather Bureau calling for slowly moderating temperatures during the day and tonight. Subzero readings were common for the second day in a row in most of the western section.

St. Marys in Elk County reported a bone-chilling 40 below zero. This was an official reading. An unofficial minus 30 was recorded in Corry.

In Pittsburgh the thermometer dipped to minus nine, shattering the previous record of three below for this date in 1934. On Tuesday the Steel City had a low of minus six.

Other overnight lows in the west included: Franklin -25, Warren and Bradford -20, Butler -8, Du Bois -10, Blairsville -9, Vander-

Murphy Co. Sales In '62 \$272 Million

G. C. Murphy Company earned \$6,306,134 on sales of \$272,420,600, according to J. S. Mack, chairman of the board and president. This is equal to \$1.51 a share on the number of shares outstanding at year-end. Adjusted to reflect the 100 per cent stock distribution on October 1, 1962, earnings for 1961 were \$1.90 a share.

The rate of sales increase for the first half of the year was 10.3 per cent, declined to 3.3 per cent for the second half and equalled 6.2 per cent for the year. This had an adverse effect on profits.

Certain nonrecurring expenses were incurred during the year by the elimination of 56 subsidiaries and the combining of offices in four cities into one regional office in Monroe, La. During the year the company also built a 146,000-square-foot warehouse in Monroe and transferred its operations from a 40,000-square-foot facility in the same community.

With the net addition of 31 stores, including 14 junior department units purchased in the Dallas, Tex., area, 511 stores were in operation at year-end. Currently, 17 new locations are scheduled and a substantial store enlargement program is planned.

There was a feeling on the part of some members of Congress that this wasn't going far enough.

Rep. Paul G. Rogers, D-Fla., told the House, for example, that the United States should close its seaports to all nations which allow their flags to be flown in commerce with Cuba. He said nine British merchant ships put into Cuba in the last six weeks.

In his address, Rusk did not detail any plan to reduce the heavily armed and manned Soviet outpost.

Delaware Height Too Much For Bullets Who Lose 77-76; Frosh Win

The battle of the Middle Atlantic Conference scoring leaders electrified the fans, but it was the tremendous height advantage that carried the University of Delaware Blue Hens to a thrilling 77-76 win over the Bullets of Gettysburg Tuesday evening before 1,900 fans in the physical education building.

Nate Cloud, Delaware's 6'6" center, who is currently leading the conference with a 22-point scoring average, swished the ball from various parts of the court to the tune of 24 tallies. Teddie Koerner, Gettysburg's versatile ball player, currently running number two behind Cloud, edged his personal opponent by three counters as he rammed through 27 points on 12 of 26 field shots and three for five from the charity line. George Strouse, the third ranked scorer in the MAC, fell just one point short of the front runner. The Bullet sophomore produced 11 of 22 field tries and one of two fouls for 23 counters.

The boards belonged to Delaware. Nate Cloud's 6'6" frame glided back and forth under both baskets and what he wasn't grabbing, brother Pete, 6'5", and Dave Sysko, 6'3", were. Delaware also had Ron Smith, a 6'4" backcourt man teamed with Bill Iredale, 6'. The entire starting five went the distance. Delaware out-rebounded the Bullets 59-36, out-doubling Gettysburg by 14 rebounds in the second 20 minutes.

LEAD SET-SAWS

During the first half, the lead exchanged hands six times and was tied 13 times. Delaware held the largest lead at six points with 2:30 remaining in the half. The Bullets then exploded and the buzzer sounded intermission. Koerner swished a 35-foot jumper from the left side of the key to knot the count at 41-41.

The second half was almost a duplicate of the first. This time Gettysburg built the lead and led 67-61 with 8:53 minutes of play remaining. The Cloud brothers started hitting and the Blue Hens soon moved into a 69-67 lead with 6:25 to go. Koerner landed a jumper from the top of the key to knot the count once again, but Sysko and Nate Cloud rammed through corner jumps.

With 2:39 remaining, Koerner hit on one of the two fouls and Strouse pushed in a rebound to pull to within a 73-72 count. At the 1:19 mark, Sysko tapped in a rebound and with 54 seconds to go, Szegda swished a jump from the top of the key. Iredale made it 77-74 on a jump from the left at the 36-second mark and 13 seconds later George Strouse landed another tapped rebound. With six seconds to go, Doug Kepner pulled down a rebound and Gettysburg called a time out. Szegda brought the ball in bounds but the Hens put on a tremendous press which kept Gettysburg from getting the ball past the mid-court stripe before the final buzzer sounded.

TOP REBOUNTERS

Sysko, Nate Cloud and Smith all recorded double figures in the rebound department for the Blue Hens while Kepner topped the Bullets with nine. Gettysburg was forced to play without the services of Roger Gaackler during the last 14 minutes of the game due to five personal fouls. Strouse fouled out in the last 10 seconds.

Delaware is now 14-7 on the season and by winning clinched third place in the MAC with a 7-2 record. Gettysburg is 14-9 on the year and is 5-5 in conference play.

Trailing by as much as 15 points in the early part of the second half, the Gettysburg College freshmen came back to roll up their 15th win of the season by turning back the Delaware frosh 75-69 in the preliminary contest.

The Little Bullets were off form during the first 20 minutes, but managed to pull together in the second half. "Chuck" Richardson and Chris Sirms started

TO SIGN PACT

PORT LAUDERDALE, Fla. (AP)—

Mickey Mantle probably will join Willie Mays in the \$100,000 salary class today.

The American League's Most

Valuable Player is expected to sign his new contract as the New York Yankees officially open their spring training workouts.

Mantle, who checked into camp Tuesday a day ahead of schedule, received about \$85,000 last season.

If Mantle gets the contract he wants, he will move into select company. Only Joe DiMaggio, Stan Musial and Ted Williams reached the \$100,000 class or more in previous years. Mays, the San Francisco Giants' star, attained the ranks of the elite last Wednesday.

Roger Maris, the junior member of the M & M firm, is due in camp today. He also is expected to sign within a day or so.

Maris reportedly has been asked to take an \$8,000 cut to around \$60,000.

DELONE ENDS WITH SETBACK AT LANCASTER

By MIKE RATHET

Associated Press Sports Writer

Gary Geiger, whose problem-plagued baseball career contains all the ingredients for a radio soap opera, has survived a collapsed lung and a bleeding ulcer in the last two years, and now faces this critical question:

Can a young, frail outfielder from the little town of Sand Ridge, will, find happiness while playing for the Boston Red Sox?

That's the exact position the 25-year-old left-handed batter finds himself in today after revealing that the stomach trouble he suffered last season was actually a bleeding ulcer.

ULCER TROUBLE

Geiger, whose 160 pounds stretches somewhat thinly over a 6-foot-1 frame, was struck down at one point in 1962 for eight days. He required six blood transfusions and lost 18 pounds. Now, on doctors' orders, he must either relax or undergo an operation.

Battling to grab an outfield berth over Carl Yastrzemski, La Clinton or Roman Mejias, Geiger said at the Red Sox camp Tuesday that the stomach disorder was diagnosed as a bleeding ulcer by his hometown doc after the 1962 campaign in which he wound up hitting .249.

SIEBERN'S PROBLEM

Kansas' City first baseman Norm Siebern also has a problem. He might spend the season as an insurance agent.

So says Athletics President Charles Finley, who revealed the .308 hitter has turned down three contracts offers, each calling for more money.

"Siebern asked me what I would do if he refused to sign," Finley said. "I told him in that case I would take him on for the years as an insurance salesman for me."

Siebern has shown no inclination to work for Finley in either capacity.

SANFORD SIGNS

San Francisco's Jack Sanford, who last week criticized the National League champion Giants for holding the team's pitching pattern against him in salary negotiations, agreed to terms for an estimated \$37,500.

A 24-game winner, Sanford said that he pitched the last week of the season on a 2-inch cut on his heel from an operation for removal of an abscess. He also said he completed only 13 games because he had been told to pitch hard and let the bullpen worry about finishing up.

ERNIE LOSES

Ernie Banks is finding it hard to play with a winner.

The Cubs first baseman lost in his first bid for political office. Incumbent Ald. James A. Condon, a Democrat, kept his city council seat with 9,236 votes. Banks, a Republican, drew 2,028, and should be happy.

He drew more votes than there are Cub coaches.

MIAMI BEACH, Fla. (AP)—After several days of sparring between promoters, managers, advisers, press agents—and incidentally Sonny Liston—the heavy-weight championship fight between Liston and Floyd Patterson has been put off until April 10.

Before anyone suggested publicly the wrangling over a postponement might be a gambit to attract national publicity, Liston's adviser, Jack Nilon, announced Tuesday that "he pulled a muscle and we've got to X-ray to prove it."

Liston, who has not made a public statement since the fight over the fight began, said through a spokesman that he would resume training today, six days after reportedly injuring his knee while swinging a golf club.

"No matter what anyone says, we wanted this fight on the fourth (of April) as originally scheduled," Nilon insisted.

STATE COLLEGE, Miss. (AP)—Mississippi State's basketball team hopes to know by Friday if it can participate in the NCAA tournament.

The state has an unwritten law banning competition of Mississippi athletic teams against Negroes.

"We should know by Friday," said Maroon Coach Babe McCarthy. "It looks better this year than in the past. We have more public support behind us than ever before."

The Maroons, ranked seventh nationally, have already clinched a tie for the Southeastern Conference crown—their third in as many years.

S. R. Evans of Greenwood, a member of the state college board said Tuesday night the board had not considered the matter yet.

NORTHERN WINS

Newport and Northern made up their postponed Blue Mountain League game Tuesday evening as the Northern varsity registered an 85-64 victory when the Polar Bears reserves triumphed 42-25.

GARY GEIGER TRIES SEASON WITH RED SOX

Await Negro Rule

STATE COLLEGE, Miss. (AP)—Mississippi State's basketball team hopes to know by Friday if it can participate in the NCAA tournament.

The state has an unwritten law banning competition of Mississippi athletic teams against Negroes.

"We should know by Friday," said Maroon Coach Babe McCarthy. "It looks better this year than in the past. We have more public support behind us than ever before."

The Maroons, ranked seventh nationally, have already clinched a tie for the Southeastern Conference crown—their third in as many years.

S. R. Evans of Greenwood, a member of the state college board said Tuesday night the board had not considered the matter yet.

NORTHERN WINS

Newport and Northern made up their postponed Blue Mountain League game Tuesday evening as the Northern varsity registered an 85-64 victory when the Polar Bears reserves triumphed 42-25.

TWO VETERAN ACTRESSES TO VIE FOR OSCAR

By JAMES BACON
AP Movie-Television Writer
HOLLYWOOD (AP) — Two volatile actresses who won their last Academy Awards in the 1930s are the hottest contenders today in Hollywood's Oscar race.

Bette Davis and Katharine Hepburn, born in 1908 and 1909, respectively, are the ones to beat in the best actress category at the 35th Oscar awards. The nominees were announced Monday. Winners will be named April 8.

The incendiary nature of the top actress nominations contrasted with soft-spoken Gregory Peck and Jack Lemmon being rated as favorites for best actor.

10TH NOMINATION

For Miss Davis, the nomination was her 10th, the most of any performer. It must have given her great satisfaction because only a few months ago she inserted a touching "situation wanted" ad in the local papers.

But that was before "Whatever Happened to Baby Jane?" became the year's box office sensation.

Should Bette win, she would become the first actress to win three Oscars. Her previous ones came in 1935 for "Dangerous" and in 1938 for "Jezebel."

Her closest competitor in nominations is Miss Hepburn who got her ninth as the tormented mother of Eugene O'Neill's "Long Day's Journey Into Night."

OTHER NOMINEES

Miss Hepburn hasn't won an Oscar since 1933 for "Morning Glory."

The other top actress nominees: Anne Bancroft, the strong-willed mentor of Helen Keller in "The Miracle Worker"; Geraldine Page, the fading actress of "Sweet Bird of Youth"; and Lee Remick, the alcoholic wife of "Days of Wine and Roses."

For Peck, the nomination is his fifth. He has yet to win an Oscar. One of the screen's most handsome men, he wore spectacles to play the small-town Southern lawyer of "To Kill a Mockingbird." Lemmon, as the alcoholic husband of "Days of Wine and Roses," got his fourth nomination—third as top actor.

MALE NOMINEES

He previously had won as best supporting actor in 1955 for "Mr. Roberts."

Other male nominees: Marcello Mastroianni, the Italian star of "Divorce-Italian Style"; Burt Lancaster, the "Birdman of Alcatraz"; and Peter O'Toole as "Lawrence of Arabia."

The other movies nominated were "The Longest Day," "The Music Man," "Mutiny on the Bounty" and "To Kill a Mockingbird."

For best supporting actor, the nominees were:

Ed Begley ("Sweet Bird of Youth"), Victor Buono ("Whatever Happened to Baby Jane?"), Telly Savalas ("Birdman of Alcatraz"), Omar Sharif ("Lawrence of Arabia"), and Terence Stamp ("Billy Budd").

For best supporting actress: Mary Badham ("To Kill a Mockingbird"), Patty Duke ("The Miracle Worker"), Shirley Knight ("Sweet Bird of Youth"), Angela Lansbury ("The Manchurian Candidate") and Thelma Ritter ("Birdman of Alcatraz").

SLUDGE SLIDE WRECKS PLANT

LOUISVILLE, Ky. (AP)—Buildings, homes, railroad cars and gasoline and oil storage tanks lay smashed in a sea of sludge today, casualties of the collapse of a huge pile of carbide-lime residue. The big mound gave way Monday night with a roar "like the earth giving way," said one witness.

Thousands of tons of the waste material broke from the Air Reduction Chemical & Carbide Co. plant in Louisville's West End, near the Ohio River.

No injuries were reported. About 22 workers ran from the firm's furnace department, as sludge eight to 10-feet deep slid toward them.

Flowing north to the Standard Oil Co. of Kentucky storage terminal, the sludge toppled railroad cars, buried buildings and crushed storage tanks. Gasoline and oil cascaded into the river. A number of cars and trucks were engulfed.

Fire officials said the resulting gas leaks and vapors posed the danger of fire and explosion and fire crews kept overnight vigil.

Company officials had no immediate estimate of damage.

The sludge was a byproduct of the manufacture of acetylene gas.

JFK STEPS UP DRIVE TO GET TAX CUT PLAN

By EDMOND LEBRETON
WASHINGTON (AP)—President Kennedy is stepping up his personal campaign for a tax cut after being told by top congressional strategists his whole fiscal program is in trouble with Congress and the public.

Capitol Hill sources close to the tax problem said today the chances of a reduction this year—which Kennedy said again Monday has the "first priority"—may depend on two things:

1. Kennedy's success in making the idea more popular than many members now believe it to be. A surprising number report that most constituents who write at all about the subject oppose tax reduction because they are worried about deficits or do not think the cut would amount to much for them.

2. The state of the U.S. economy as measured by the employment figures published in April, the month when the House Ways and Means Committee will get down to writing a bill.

ADDRESSES BANKERS

Speaking Monday to an American Bankers Association symposium, Kennedy went farther than any previous administration spokesman in advocating a tax reduction of \$10 billion or more—even if the tax revisions he proposed as part of the package are junked.

He had proposed reducing rates enough to cut revenues \$13.6 billion, but reworking portions of the internal revenue code to correct what he termed inequities and restore \$3.4 billion of the lost revenue.

Kennedy recently has been told by top congressional strategists that the lawmakers as a whole have not been converted to the idea of cutting taxes while the government expects an \$11.9 billion deficit next year—despite the argument that stimulated business will hasten a budget balance. Moreover, he was told there is little chance of the House Ways and Means Committee agreeing on much of a tax structure change in time for legislation to be enacted in 1963.

MUST WIN OBJECTORS

Kennedy was advised he would have to help win over constituents who have been writing anti-tax cut letters to their congressmen.

He was counseled also to choose carefully the associates who make public appeals for his program.

Kennedy's immediate problem is the Ways and Means Committee, whose chairman Rep. Wilbur D. Mills, D-Ark., is on record as favoring a tax cut only in connection with tax revision.

Mills refused comment on Kennedy's talk to the bankers.

MATEOS JILTS CUBAN ISSUE

MEXICO CITY (AP)—Venezuelan President Romulo Betancourt wound up a visit to Mexico Tuesday after failing to get President Adolfo Lopez Mateos to support his view that Cuba's Fidel Castro constitutes an evident threat to the continent.

Betancourt predicted at a news conference that the Castro regime "is not going to last long," and said Havana is a relay point to pass on Moscow's terrorism and subversion orders to the rest of Latin America.

But when he and Mexican Lopez Mateos issued a joint communique on Betancourt's three-day state visit, the sensitive Cuban issue was sidestepped.

The communique said the two chiefs of state agreed:

1. Consultations will take place on ways to protect basic prices of raw materials in the Western Hemisphere.

2. Venezuela and Mexico will exchange petroleum technicians.

3. They will set up a mixed commission to boost commerce.

"The only security of all is in a free press. . . . No Government ought to be without censors, and where the press is free no one ever will," Thomas Jefferson.

Let's Look At The Record

CUBAN VARIABLES
Official Statistics And Photographs
Do Not Support Cheerful Assumptions

By JIM DAN HILL, Ph.D.
President, Wisconsin State College, Superior

IT WAS A PENTAGON spokesman who grandiloquently said, at the height of the Cuban crisis last October, that "management of news" was

an essential weapon in the cold war with Russia. Neither the lovers of press freedoms nor the believers in a true democracy, to which an informed and responsible press is truly essential, accepted the unsavory proposition.

Nevertheless, taking the false premise at its face value, it would be most difficult to find worse mismanagement of news than has taken place in connection with the Cuban Affair.

CONSIDER the simple matter of official statistics, largely from the Pentagon and the State Department, concerning Russian troops in Cuba.

On October 16 the Russian presence there was lightly brushed off as less than 5,000.

In November, about Thanksgiving time and with the Russians "pulling out of Cuba," an official figure was set at 8,000 to 10,000.

December 20, on the eve of the ransom payments for the Bay of Pigs prisoners, the Russian military presence was conceded to be 9,000 to 15,000.

On February 6, the secretary of defense, supported by impressive pictures and data from the Central Intelligence Agency, went on TV for two hours. The secretary was gratified that Russian troops in Cuba numbered only 16,000 to 17,000.

The gratification arose from the fact that a few weeks earlier the number had been 22,000, according to Secretary McNamara, Department of Defense. Yes, the Russians were still pulling out of Cuba! Otherwise, how did the figure get down to 17,000?

SUCH inconsistencies, combined with the bland labeling of highly dangerous weapons as "defensive," and therefore harmless to America, greatly marred an otherwise brilliant presentation by the secretary.

This emphasis on "defensive" weapons is a reminder of a frontier judge. He ruled that a pistol was a defensive weapon if the deceased was shot in the face or the chest. But because the bullet hole was in the victim's back it was clearly indicated the pistol used was an offensive weapon.

There is no evidence that this neat, persuasive, quality classification by purpose of the same weapon ever proved to be of comfort to any victim.

The American people may well be pardoned if they give more thought to a possible bullet hole in the back, from out of Cuba, than they do to whether the launching pad from whence it came was designed for defensive or offensive action.

THERE ARE ALSO the soothing announcements that Russian troops in Cuba are merely instructors. The photographs shown in the press and in television clearly indicate the presence of Russian combat formations maintained as such.

Moreover, 17,000 is an excessive number for instructional purposes.

The American instruction teams in South Korea for Syngman Rhee's Army of 100,000 consisted of exactly 181 American officers, one Army nurse, seven warrant officers and 283 enlisted men.

Organized into instruction teams, they did a splendid job. But the Russian forces are not instruction teams. The pictures clearly indicate mutually supporting combat teams.

MISMANAGEMENT of news, or, to be more specific, suppression of facts, plus the false emphasis upon such soothing terms as "defensive" and "instructors," is responsible for the American public's unwillingness to consider the Cuban situation settled.

The Chicago Sun-Times, with a record of liberalism and support to the present administration, quite objectively and vigorously summarized the situation in a recent editorial:

"There have been strenuous efforts to manage the news, there has been obfuscation. We do not know how many troops Russia has in Cuba, we do not know how they got there or when they got there or how long they will be there or what they are doing there. . . .

"The basics cannot be ignored. Cuba is now an armed arsenal and the Western Hemisphere is threatened. Whatever advantage belonged to the United States in insisting on a disarmed Cuba has been lost. There is a smell of collusion in the sudden removal of missiles from Turkey. . . .

"There are too many unanswered questions to stop talking about Cuba."

EDITORIAL NOTE: As a colonel commanding an artillery group through 333 consecutive days of combat in Europe, Dr. Hill had considerable experience with camouflage techniques and interpretation of aerial photographs of enemy positions. OPEN BOYCOTT OF SCHOOL WITH 8 WHITE PUPILS

By DAVID MAZZARELLA
ENGLEWOOD, N.J. (AP) — A boycott of the predominantly Negro Lincoln Elementary School began Tuesday and school authorities said almost half the pupils enrolled were absent.

There were 239 pupils absent, out of an enrolled 498, Principal Leroy McCloud announced.

The figure was well below the goal of the Englewood Movement, the integrationist group that is backing the boycott.

There are about eight white pupils enrolled in the school and at least six of them were present Tuesday morning, Dr. Mark R. Shedd, the school superintendent, said.

7 ADULTS PICKET

The planners of the boycott have set up classes privately to continue instruction for the children who stay out.

Seven adults pickets outside the school marched with signs for about an hour in 15-degree cold. Vincent K. Tibbs, a Negro city councilman, led the pickets.

At a news conference called in the school building, Shedd said no boycotting was in evidence at the Liberty school, which also has a large Negro enrollment.

Shedd said the Board of Education planned no immediate action against those who stayed out.

He declined to say specifically what measures might be taken against parents, but mentioned the state's compulsory attendance rule.

If the children were to remain

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

JAMES DUNLAP AND MARIA (MILLER) PAXTON

The account of the Lower Marsh Creek Presbyterian Church, with genealogical notes on some of its early ministers, is continued at this time.

In Area "G," of the Evergreen Cemetery, Gettysburg, is the burial plot of James Dunlap Paxton, the eldest in the family of Rev. Dr. William and Jane (Dunlap) Paxton. The inscriptions from the markers therein are as follows:

1. "In memory of — Colonel James D. Paxton — Born June 11, 1796 — Died February 10, 1864."

Note: — Adams Sentinel — Tuesday, February 16, 1864 —

"Died, February 10, 1864, at the residence of his son-in-law, John M. Stevenson Jr., in Baltimore, Maryland, Colonel James D. Paxton, late of Gettysburg, Pennsylvania, in the 68th year of his age. He has been for a few years past afflicted with neuralgia of the head, and partial blindness, which rather incapacitated him for active business. But his erect form and gentlemanly demeanor still characterized him. His remains were brought here and interred in the Evergreen Cemetery."

2. "In memory of — Mrs. J. Maria Paxton — Born January 18, 1797 — Died April 29, 1870."

Note: — Star and Sentinel, Friday, May 6, 1870 —

"Died, April 29, 1870, in Baltimore, Maryland, at the residence of her son-in-law, J. M. Stevenson Jr., Mrs. Jane M. Paxton, relict and widow of Colonel James D. Paxton, late of Gettysburg, Pennsylvania, in the 74th year of her age. Mrs. Paxton was a daughter of the late William Miller, Esq., of this County, and a sister of General Thomas C. Miller, deceased."

"Mrs. Paxton's remains were brought to Gettysburg and interred in the Evergreen Cemetery on Saturday afternoon, the Rev. Dr. Hay and the Rev. Mr. Hillis officiating at the funeral."

Maria J. Miller, the daughter of William Miller, Esq., the founder of Millerstown (now Fairfield), this County, was married to James Dunlap Paxton by the latter's father, on March 18, 1819. During her husband's career as soldier, ironmaster and merchant, Maria (Miller) Paxton played a prominent part — and

not always on the distaff side. Maria Furnace, an early ironworks located above Fairfield, this County, of which her husband was part owner (in company with John B. McPherson, Thomas C. Miller and Thaddeus Stevens), was given her name — for "good luck." For a time she lived with her family in the stone house, built for the ironmaster, at the furnace. This old structure was torn down some years ago. Later she and her husband came to Gettysburg where Colonel Paxton was in the mercantile business. In old age the couple lived with their only daughter, Margaretta Paxton, and her husband, John McPherson Stevenson, in Baltimore, Maryland.

3. "In memory of — James D. P. Stevenson — Born February 9, 1859 — Died February 1, 1860."

Note: — The youngest of the two sons of Colonel James Dunlap and Maria (Miller) Paxton, Dunlap Paxton was, apparently, a somewhat eccentric character. For a time he operated a small store in Fairfield but never really remained long at any one job or business. According to advertisements in the "Star and Sentinel," at one time, Dunlap Paxton was a partner in a "general" store in Gettysburg. He was never married.

BORN NEAR BEDFORD

"John McPherson Stevenson was born December 6, 1818, near Bedford, Pennsylvania. His father, John M. Stevenson, was born near the old Rocky Spring Presbyterian Church in Franklin County, Pennsylvania. His mother, Nancy Russell, was born in or near Gettysburg."

A RUNNING GUARD

FORT COLLINS, Colo. (AP) — The longest scoring run made by a Colorado State University football player in 1962 was turned in by a lineman. Guard John Cook scooped up a blocked field goal attempt in the Oregon State game and went 70 yards to the end zone. But his team still lost 25-14.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Within one month—pretty fast for a retreat—President Kennedy not only has shifted ground on his plan to cut and reform taxes but became willing to abandon part of it, the "reform" part.

In his tax-plan message to Congress Jan. 24 Kennedy emphasized this point throughout: Lower taxes would stimulate the economy by giving consumers more money to spend and business more to invest.

Never once in that long message did he suggest he feared another recession unless the economy got a shot-in-the-arm. But as criticism of his plan piled up he suddenly gave a gloomier reason for a tax reduction.

FEAR OF RECESSION

At his news conference last week he threw in this new element: fear of recession unless the economy got the stimulant he proposed. He said: "What I am most concerned about is the prospect of another recession."

Some of the steam must have been taken out of him by the various opposition to his plan—various parts of it—mounted since Jan. 24. Last fall the AFL-CIO, the business chamber of Commerce, and the National Association of Manufacturers—an unusual group of running-mates under any conditions—all came out in favor of tax reduction.

But when they got a look this year at what Kennedy had in mind the two business groups parted company with the AFL-CIO and all three parted company with the President.

MANY FIND FAULTS

They weren't the only ones complaining. Some college professors, professional economists, business organizations and even groups of retired people found fault with different parts of the program and for different reasons.

Worse than that perhaps—for Kennedy—the reaction of his own leaders in Congress could hardly be called enthusiastic although they loyally said they'd do their best.

To make things still worse, Kennedy backed a maneuver which was intended to grease the way for his plan in Congress only to see it collapse in complete defeat. This is what happened there.

HAS DIM VIEW

Sen. Harry Byrd, D-Va., who takes a dim view of any tax cuts unless government spending is cut—and Kennedy wasn't cutting spending this year—is chairman of the conservative Finance Committee which will handle the measure.

Kennedy and his advisers thought, if they could just get the committee enlarged to make room for two Democrats favorable to him, they could overcome any bottlenecks. It was a feeble effort and they didn't make it.

This is what Kennedy proposed in January:

HUGE TAX CUTS

Over a three-year period cut taxes for individuals and business a total of \$13.6 billion and then, by making a number of changes in the law—Kennedy calls such changes "reforms"—the government would collect \$3.4 billion it isn't collecting now.

Thus the total loss in revenue through the tax reductions would be \$10.3 billion spread over three years. Kennedy figured the government would more than make up for that through increased spending and the creating of more jobs.

But the NAM and the Chamber of Commerce protested Kennedy's plan would give consumers too much of a break and business not enough. The AFL-CIO took a far different view.

NOT STRONG ENOUGH

It argued Kennedy's medicine wasn't strong enough. It wants the \$10-billion cut planned for three years condensed into one big \$10-billion cut in one year.

It might be argued that Kennedy, knowing how much opposition he would face on his tax plan, decided for political reasons to lump cuts and "reforms" together so that if the going got too tough he could compromise by insisting on the cut while yielding on the reforms.

But it doesn't look like that. He expressed willingness Monday—far too early for a showdown or need of compromise—to forget about the reform part of his plan.

This seems a more likely explanation: that the combined plan wasn't well thought out by him and his advisers and he is now painfully beginning to realize it.

ASIAN FLU IS SPREADING TO MANY STATES

By THE ASSOCIATED PRESS

Influenza and respiratory ailments continue to take a heavy toll. The U.S. Public Health Service's Communicable Disease Center at Atlanta said Asian flu has been confirmed now in 16 states and the District of Columbia.

In one North Carolina area, where flu reached epidemic proportions, there were indications that the outbreak has passed its peak.

School officials in Wilkes County, N.C., reported Monday that the number of absentees is declining and the county's 28 schools have been reopened. They were closed Feb. 15 because of flu.

Connecticut and Iowa were added to the list of states where Asian flu has been found. Shifted from the list of indefinite to Asian diagnosis were South Carolina, Delaware and New Jersey.

Arkansas and Missouri were added to the list of states where flu-like outbreaks have been noted. Richmond, Va., reported four new deaths for a total of 66 since Jan. 26. There were 14,728 new cases reported in Virginia last week.

Respiratory illness is spreading in Alabama. Marshall County reported 1,290 victims over the weekend, bringing the state's total to more than 6,000.

The Communicable Disease Center reported that Asian flu has been confirmed in Georgia, the Carolinas, Virginia, District of Columbia, Maryland, Delaware, New Jersey, New York, Connecticut, Massachusetts, Ohio, Michigan, Illinois, Kansas, Iowa, and Minnesota.

MANY CHURCH MERGERS ARE IN THE MAKING

NEW YORK (AP)—The newly advanced proposal for merger of Methodists and the Church of England in Great Britain comes in the midst of a worldwide effort to restore Christian unity.

Church leaders have referred to the trend as a "new Reformation," marking a reversal of the long series of denominational divisions.

It has involved every branch of Christendom — Protestant, Eastern Orthodox and Roman Catholic—and emerged as the dominant note of the first session of the Second Vatican Council.

FIFTY MERGERS

Among Protestants, more than 50 merger negotiations are currently going on in 35 countries.

This was disclosed in a recent survey by the Rev. Patrick C. Rodgers, of Geneva, Switzerland, executive secretary of the Department of Faith and Order of the World Council of Churches.

"There are people all over the world terribly anxious to attain a greater measure of Christian community," he said in a recent interview.

In the United States, several merger negotiations are now going on, and several have recently been successfully completed.

TO MEET MARCH 17-19

One series of talks involves the Protestant Episcopal Church (the American wing of British Anglicanism) in a consultation on church union with the Methodist Church and four other denominations.

Initial discussions were held last spring. Another round of talks is scheduled March 17-19 in Oberlin, Ohio.

Other denominations whose representatives are taking part are the United Presbyterian Church, the Christian Churches (Disciples), the United Evangelical Brethren, and the United Church of Christ.

The United Church itself is a recent merger of Congregational Christians and the Evangelical and Reformed Church, the first union in this country to combine bodies of different national origins.

LUTHERAN MERGERS

In two years, eight branches of Lutheranism have united into two large bodies, the Lutheran Church in America and the American Lutheran Church. The United Presbyterian Church represents a recent merger of two branches.

Moves in Britain toward bringing Methodists and the Church of England together would likely have a stimulating effect on closer relations of the two communions in this country.

Methodists and Episcopalians stem from common background. The founder of Methodism, John Wesley, was an Anglican priest, and remained one throughout his life.

Protestant and Roman Catholic meetings also are mushrooming across the country, in the wake of the spirit generated by the Second Vatican Council and Pope John XXIII's open-armed hospitality toward "my brothers in Christ."

The other set honors "Teachers Day" and consists of seven values. The five lower values depict athletic events while the two higher values show different species of flowers.

The British Crown agents report that 12 existing values of the current definitive issue of the Virgin Islands have been overprinted in black. The denominations are in U.S. currency.

Afghanistan has announced that two sets of stamps were recently issued. One set of eight values honors its Boy Scouts. The design, the same for all values, shows a typical Boy Scout and the Scout

emblem. The other set honors "Teachers Day" and consists of seven values. The five lower values depict athletic events while the two higher values show different species of flowers.

This Is 30th Anniversary Of Fateful Reichstag Fire

EDITOR'S NOTE—Thirty years ago today, the Reichstag building in Berlin went up in flames, setting off a chain of Nazi crimes against the world. On hand was a veteran AP correspondent who is now chief editor of The Associated Press' German language services in Europe. This is his story.

By RUDOLF E. JOSTEN
BERLIN (AP)—It was a fantastic sight. The huge glass dome of the Reichstag building was aglow.

There was a sudden explosion and the glass cupola burst into fragments. Flames shot into the wintry sky. Sixty fire engines raced to the blaze. Hundreds of police and brown-shirted Nazi storm troopers encircled the area.

The time: about 10 p.m.—Feb. 27, 1933.

History books mark this as the incident the Nazis used to unleash their reign of terror that led finally to millions of dead in World War II.

SYMBOL OF COLD WAR

Since that date, no German Parliament has sat in the Reichstag building. The Nazis used another building.

War wrought further damage. The old Reichstag has become a symbol of the cold war which divides Germany, prevents the formation of an all-German Parliament and keeps Berlin from regaining its status as capital of Germany.

Today, the Reichstag stands within yards of the Berlin wall built by the Communists who now occupy half the old capital and half of Germany.

NOT YET ESTABLISHED

That night the storm troopers refused to let me through although I showed my press pass. "I'm sure they set fire to it themselves," said a voice behind me as tens of thousands gathered to watch the blaze.

Black limousines drove up. I saw Adolf Hitler, propaganda chief Joseph Goebbels and Hermann Goering.

Four weeks earlier Hitler had been appointed chancellor by the aging Reich president, Field Marshal Paul von Hindenburg.

The Nazis were not yet firmly established. In the elections in November 1932, they had lost two million votes. Their seats in the Reichstag had been cut from 230 to 196; the Communists were the biggest gainers.

BLAMED COMMIES

With the next general election just one week away, the fire could not have been timed better for the Nazis. Hitler called it the signal for a nationwide Red uprising. Hundreds of Communists were thrown into jail, many beaten to death or shot.

Marinus van der Lubbe, a 24-year-old Dutch worker and inde-

pendent Communist, was arrested inside the burning Reichstag. He told police he had no helpers in setting the fire. Within days, Ernst Torgler, parliamentary leader of the Communist party, and three Bulgarian Communists were arrested and charged with plotting the fire.

Van der Lubbe was sentenced to death by guillotining. Torgler and the three Bulgarians were acquitted for lack of evidence—courts had not yet been completely Nazi-fied.

Scores of books have been written about the fire. Some contend that Van der Lubbe was a Nazi stooge.

CONVICTED IT WAS NAZIS

Ex-Col. Gen. Franz Halder, former German army chief of staff, said after the war he heard Goering boast of having laid the fire.

Three years ago, Fritz Tobias, a German amateur historian who interrogated all survivors, theorized in a widely discussed book that Van der Lubbe acted alone and was a latter-day Guy Fawkes who wanted to alert the world to the Nazi danger.

While the Nazis blamed Communists for the fire, most historians believe the Nazis started it. I am convinced the fire was laid by the Nazis.

One week after the fire, the Nazis polled 52 per cent of the popular vote in a general election. The Nazis were on their way to their "1,000-year Reich" which collapsed in the ruins of war in a little more than a decade.

NEW ARMOR IS MADE OF GLASS FIBER LAYERS

By RALPH DIGHTON
Associated Press Science Writer
AZUSA, Calif. (AP)—Americans in the Korean War were somewhat disturbed to encounter a hand-held Soviet 14.5 mm. rifle which bored holes through the armor of our newest tanks.

Now U.S. technology has come up with a new armor, lighter and tougher than steel, which stops the thumb-thick 14.5 mm. bullet.

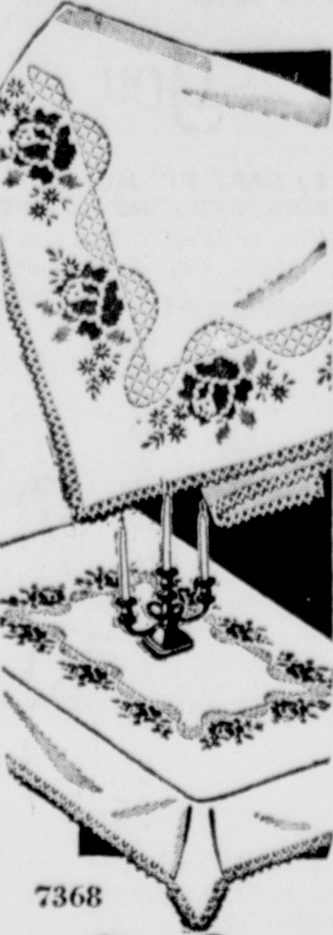

PLAYS TRICKS

Unlike metal alloys, which stop projectiles by being dense enough to absorb their high-speed energy, the new plastic plays tricks on the bullets. It lets them penetrate slightly, then twists them sideways so they break into small pieces snugly pocketed within the armor panel.

This happens even when the bullet is fired head on.

"MIRACLE" ON PIKE LISTED

HARRISBURG (AP)—Accident records of the Pennsylvania Turnpike Commission reveal that the silent heart of a New Jersey woman was revived by a Baltimore doctor following a mishap on the toll road last month.

The woman, Miss Ingeborg Haus, 37, of Roselle Park, N.J., and other members of her family were injured when their car went out of control near Carlisle, about 20 miles west of here.

The doctor, identified only as a physician at Johns Hopkins Hospital, came upon the scene and failed to detect a pulse for Miss Haus, the records disclosed Tuesday.

He then pounded her heart several times and applied mouth-to-mouth resuscitation. Miss Haus responded and was taken to Carlisle Hospital. Oxygen was given to her enroute.

She and the others injured have since been released from the hospital.

Lemon juice and minced parsley do wonders for plain butter-broiled fish fillets. Add the lemon and parsley just before serving the fish.

Corp., says the armor is now being tested at the Army's Aberdeen, Md., proving grounds. Many of the details are secret.

USE GLASS FIBER

The armor which stops the Soviet 14.5 mm. antitank projectile is made of sheets of glass fiber and secret nonmetallic materials, bonded into panels about two inches thick.

Just how the bullet, traveling more than a half mile per second, is turned sideways and shattered is something that King himself isn't sure he knows.

"When I set out to make the panel, I predicted this would happen," he says, "but until the tests are completed I can't be positive why it happens."

WHYY-TV WILL SWITCH TO 12 IN SEPTEMBER

By LEE LINDER
PHILADELPHIA (AP)—The magic number for WHYY-TV is 12. But it can be obtained only with money.

WHYY, an educational television station, drops from the ultra high frequency (UHF) range to very high frequency (VHF) this fall to bring its noncommercial programs into reach of a million homes in southeastern Pennsylvania, southern New Jersey and Delaware.

Operating on Channel 35 since it was organized in 1957, WHYY now has targeted Sept. 12, for the start of five-day-a-week programming on Channel 12. And the initial program (to emphasize its self-acclaimed "lucky number") may begin at 12 noon.

MONEY IS PROBLEM

But right now the major problem is money.

Richard S. Burdick, 45-year-old managing director, says \$1.1 million is needed to put the station on the air in its new channel, which the Federal Communications Commission awarded only last Dec. 27.

About \$500,000 is needed immediately, Burdick explains, to build a transmitter in Paulsboro, N.J., a new studio in Wilmington, Del., and purchase new telecasting equipment.

The money will come from many sources: \$300,000 from the Philadelphia Board of Education to continue current in-school programs now running about 20 hours a week; \$250,000 from the city of Philadelphia; and the rest from colleges, industry, business, foundations and individuals.

TO DOUBLE STUFF

WHYY, a partner in the National Education Television Network, produces many programs which it sells to other stations among about 60 now broadcasting in the United States. This, too, provides substantial income.

Burdick says the present staff of 30 will be doubled when WHYY takes over operation of Channel 12 and expands its programming and public service features. In addition, it must cover news in Delaware because "12" originally was assigned to that state by the FCC.

"We had a tough row to hoe to win the license," says Burdick. "We had to convince Delaware that it was a significant opportunity for the tri-state area, that we would provide different programming than the programs now seen on the three commercial stations based in Philadelphia."

BETTER COVERAGE

"We will provide news coverage not now available to the residents of Delaware."

A special 25-member committee is being organized to promote educational programs on the station.

"We will have nothing to do with the curriculum or subject matter," Burdick says. "We will provide the facilities and the personnel to direct the production. The costs of these kind of programs will be borne by the school systems."

PLAYS AND INTERVIEWS

Up to now, WHYY's main service — because of the limited amount of UHF converters in use — has been to the Philadelphia School District where several hundred schools are participating in planned daily programs. They include social studies, science, mathematics, biology, French, Spanish, reading and language arts.

Burdick says schools in Allentown, Pa., the Philadelphia suburbs and in South Jersey also tune in on the daytime teaching courses. Those schools that actively participate and contribute funds also get study guides and work books that aid in the teaching.

But not all the programming is school oriented. There are Shakespearean plays, interviews with men and women in government, in the arts, in the sciences.

Without naming names, the paper charged that in 1960 "certain comrades" put economic pressure on China. This was clearly Khrushchev's Russia.

The editorial accused Khrushchev of starting the squabble in the Communist camp by publicly taking sides with India on Sept. 9, 1959, over the then developing China-India border dispute.

This apparently referred to a Tass statement issued that day urging both sides to settle the quarrel but refraining from giving full backing to China. It was published just before Khrushchev left for his tour of the United States.

Peking said Soviet attacks on China and Albania picked up following the "Camp David talks" — between Khrushchev and President Eisenhower — and have continued ever since.

ADVERTISE IN THE TIMES

BOYLE'S Grab Bag

By HAL BOYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Some 90 per cent of U.S. income tax payers earn \$6,000 or less each year.

The American diet now includes 86 pounds of beef and 4 1/2 pounds of potato chips per person annually.

Household hint: With spring in sight, now is the time to plan to have your furnace checked. One of every 10 home fires begins in a defective heating unit.

NO TIP EXPECTED

Havens for the stingy: Greece and Japan share one distinction. They are among the few countries left in the world where a cab driver doesn't expect a tip.

Here's another peril faced by the expense account aristocracy: a husband whose career was aided by his wife's social drinking cannot avoid paying for her support if she overdoes it and becomes a lush.

Sweet tooth: America now has 500,000 persons who keep bees for fun or profit. Last year their unpaid little slaves buzzed home to hive with a record crop of nearly 275 million pounds of honey.

BLESSINGS AND PROBLEMS

Our quotable notables: "Men have a much better time of it than women; for one thing, they marry later; for another thing, they die earlier." —H. L. Mencken.

Every blessing brings a problem. Example: The United States has about two-thirds of the world's motor vehicles—but only about one-sixteenth of the world's land space in which to park them.

Those good old days: At the turn of the century bathrooms were so scarce that families that had them often rented them to residents of nearby boarding houses. The going rate was 27 cents a bath, including soap and towels.

DIVORCES SEASONAL

Wintry partings: The divorce rate usually rises sharply during January and February. The reason: many unhappy couples can't bring themselves to a divorce during the peace of Christmas time. But love goes up the chimney with Santa Claus, and they head for lawyers.

It was Alphonse Karr, French novelist, who observed, "Some people are always grumbling because roses have thorns; I am thankful that thorns have roses."

CHINESE WANT USSR APOLOGY TO TALK PEACE

By JOHN RODERICK

TOKYO (AP)—Communist China said today it is ready to hold private talks with the Soviet Union on the ideological issues splitting the Communist bloc. But it coupled this offer with a slashing attack on Premier Khrushchev for "double dealing" and demanded apologies.

The Chinese Communist party made this condition for the peace talks proposed by Moscow in a 70,000-word editorial in the Peking People's Daily. It also demanded that the Russian Communists repudiate their renewed friendship with Yugoslavia and cease their attacks on Peking's tiny Balkan ally, Albania.

TENSE RELATIONS

The editorial and its slashing criticism indicated the Chinese-Soviet relations are as angry as ever despite recent public signs of attempts to ease the quarrel. Peking's conditions for peace talks are clearly unacceptable to Moscow.

The Chinese for the first time took public notice of (1) the Soviet Union's supply of MIG-21-jet fighters to India, (2) the tearing up by Khrushchev of hundreds of Chinese aid contracts and (3) his bitter opposition to Chairman Mao Tse-tung's pet programs—the industrial leap forward and the people's communes.

Without naming names, the paper charged that in 1960 "certain comrades" put economic pressure on China. This was clearly Khrushchev's Russia.

ACCUSES KHRUSHCHEV

The editorial accused Khrushchev of starting the squabble in the Communist camp by publicly taking sides with India on Sept. 9, 1959, over the then developing China-India border dispute.

This apparently referred to a Tass statement issued that day urging both sides to settle the quarrel but refraining from giving full backing to China. It was published just before Khrushchev left for his tour of the United States.

Peking said Soviet attacks on China and Albania picked up following the "Camp David talks" — between Khrushchev and President Eisenhower — and have continued ever since.

Also music festivals, a visit with a famous orchestra, a concert by a master musician, and documentaries on places and people in the news.

New Conference Set For Red Arrow

MEDIA, Pa. (AP)—Negotiators in the deadlocked Red Arrow Transit strike were called back to bargaining tables today, although no new proposals were apparently before them.

The striking Brotherhood of Railway Trainmen voted Tuesday to turn down the company's newest offer. The company said its offer amounted to between 21 and 21 1/2 cents an hour. The Brotherhood said it figured the offer was 17.7 cents an hour. The company said it had nothing new to offer.

The company's buses and trolleys in Delaware, Montgomery and Philadelphia have been stopped by the strike since Jan. 8. Normally the line collects 120,000 daily fares.

VISITORS SPOT MANY REDS ON ISLE OF CUBA

By GEORGE ARFELD

HAVANA (AP)—Visitors from North America say they are impressed by the numbers of Russians seen in the Cuban capital and other places around this island.

"We read about them but didn't quite seem to accept the reports. We thought them perhaps a bit exaggerated," a Canadian caller said.

With the exception of a very few Soviet officers attached to their embassy, who turn up at selected functions in uniform, Russians seen in Havana invariably wear civilian clothes.

Among the Russians seen here, two types are clearly defined: those working as advisers to ministries, here with their families, and those who are roughly in their middle 20s and are understood to be billeted west of the city.

LIVE IN HOTELS

The advisers and their families have been lodged at various hotels and in certain subdivisions, such as the "Reperto Kohly," the twin township of Marianao.

The others—far more numerous—come daily into Havana, riding on unmarked, Soviet-made heavy duty trucks. They seem to come from an area southwest of Havana where, before the Cuban crisis erupted last fall, facilities for them were being built. The area is well outside city limits, thus inaccessible to foreign correspondents lacking a special permit.

A number of the Russians head for a large, waterfront warehouse which appears to be used as a food depot. It is constantly under guard by uniformed Cuban soldiers and Russians in mufti.

OTHER TRAFFIC

Convoys of tank trucks, driven by Russians, come in from the west and disappear in the direction of the oil refineries, across Havana Bay. Other caravans, with backs tightly shrouded in canvas, frequently lumber westward, probably toward the port of Mariel, 54 miles distant.

The attitude of the Cuban toward the Russian varies. Militiamen, soldiers and students approach them readily and engage in an active exchange of sign language. Others do their best to ignore them.

OPEN SEASON OF LENT TODAY

NEW YORK (AP)—Ash Wednesday ushered in the Lenten season for Christians around the world today.

The 40-day period of fasting and penitence—with Sundays excluded—will end on April 14, Easter, the most joyous holiday on the Christian calendar.

Christ's days in the wilderness, his Crucifixion and his days in the tomb are highlighted in church observances.

Roman Catholics, Orthodox church members, many Episcopalians and members of some other denominations today receive from their priests and pastors a cross of ashes marked on the forehead.

At many of the observances, the faithful are reminded: "Remember, man, that thou art dust and unto dust thou shalt return."

During Lent, contrition and self-denial are stressed as repentance for the sins of mankind.

Christians of many denominations are urged to perform positive acts of devotion, to attend church services, to take communion, to read, to meditate, to give to others—in time, money and labor.

Three Men Face Fraud Charges

PHILADELPHIA (AP)—Three men have been held for grand jury charged with defrauding the General Electric Credit Corp. of \$400,000 in sales on furniture and appliances.

The three are Charles Vocum Jr., 34, Riverside, N.J., Bernard Mash, 49, Dresher, Pa., and Walter M. Wagner, 29, Levittown, N.J.

All three were charged with false pretenses and conspiracy. Vocum and Mash were also charged with bribery. Bail was set at \$500 for Wagner, \$1,000 for Mash and \$3,000 for Vocum.

SKATERS DRAW WORLD TITLE LINEUP POSTS

CORTINA, Italy (AP)—Lady Luck played her annual role in the 1963 World Figure Skating Championships today.

More than 100 competitors from 50 nations focused their hopes on the draw for skating order in the opening ceremony of the four-day meet.

The draw was all important to the pair teams, which perform only once before the international panel of nine judges. But it also held significance for competitors in the other three events.

DEFINES PATTERNS

Results of the draw spell out what groups of school figures the men's and ladies' singles skaters will be required to execute. It defines what compulsory patterns ice dancers will have to skate.

The 16 couples expected to enter the pairs will be judged solely on their performance of a 5-minute free skating routine Thursday. There is no compulsory competition in pair skating.

Although skating officials argue otherwise, competitors regard the No. 1 position in pair skating as a kiss of death.

"If you have to skate first, you're dead," said 18-year-old Judianne Fotheringill of Tacoma, Wash. She and her brother, Jerry, 20, form the U.S. champion team.

FATHERINGILLS WIN

The Fotheringills drew the lead-off position a year ago in the world meet at Prague and placed 10th in a field of 14. This year, in the U.S. championship, they skated last and won.

The start of men's singles and ice dance also is scheduled Thursday, with the men tracing the first four of six school figures and ice dancers performing the first two of four compulsory patterns.

Alain Calmat of France, Don McPherson of Canada and Karol Divin of Czechoslovakia are favored in the men's singles.

U.S. champion Tommy Litz arrived Tuesday night but will not compete. He was sidelined by a sprained ankle, suffered while training at his home at Hershey, Pa.

Despite his absence, American hopes remain high. Monty Hoyt of Denver and Scott Allen of Smoke Rise, N.J., have shown improvement in training.

NEW CROP PLAN AIDS FARMERS

Associated Press Service

WASHINGTON (AP)—The Kennedy administration announced today inauguration of a new limited program to divert surplus crop land to other uses.

The program will supplement and replace a broad soil bank program set up under the Eisenhower administration, but ended by a Democratic Congress in 1960.

The plan will be limited this year to 41 test counties in 13 states, including Bedford, Fayette, Fulton, Somerset and Westmoreland in Pennsylvania. Congress authorized \$10 million for the first year trial program. Soil bank costs went well above \$300 million a year.

The Agriculture Department said the new plan is designed to improve family farm income by helping farmers convert land not needed for crops to some other long range, income producing use such as farm forest, grass, water storage, wildlife and recreational facilities.

Farmers in the 41 counties will be given until March 22 to apply for participation in the program for periods of 5 or 10 years.

Participating farmers will receive land adjustment payments, cost-sharing payments, technical aid, and in some states forestry incentive payments. The department said the payments are not intended for income purposes but to help finance cost of converting the land to the new uses.

Welder Charges Training Denial

WASHINGTON (AP)—Charles Grigsby, a Negro welder from Pittsburgh, Pa., has filed a complaint with the President's Committee on Equal Employment Opportunity.

A committee spokesman said Tuesday Grigsby charged on Feb. 21 that the Westinghouse Corp. failed to give him equal opportunity for training for a superior position and for steady employment at the company's plant in the Homewood Section of Pittsburgh.

PRAYER ISSUE AGAIN FACES HIGH COURT

By PAUL M. YOST

WASHINGTON (AP) — The Supreme Court today plunges once again into the emotion-charged issue of religion in public schools. It begins hearing arguments on two cases which may have impact in classrooms all across the land.

Before the nine justices are appeals involving use of the Lord's Prayer and readings from the Bible in schools in Maryland and Pennsylvania.

The cases have national scope and will give the tribunal an opportunity to spell out how far it believes the founding fathers intended to go in separating church and state.

MUCH INTEREST

Interest in the Pennsylvania and Maryland cases sharpened after the Supreme Court's 6-1 decision last June 25, declaring unconstitutional the use in New York public schools of a non-denominational prayer written by state school officials.

That decision brought down a storm of criticism on the court. Some critics saw it as the first step in an assault on the nation's religious heritage.

The court received support from those who contended the "official prayer" was a breach of the First and 14th Amendments to the Constitution.

HAD TO RULE

The First Amendment states "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof." The 14th Amendment, adopted in 1868, imposed these restrictions on the states as well as Congress.

Under its customary practice, the Supreme Court found it necessary to rule on the Pennsylvania and Maryland appeals—whether it wanted to or not.

In the Maryland case, a state court ruled Bible readings and recitation of the Lord's Prayer did not violate the Constitution. Federal judges in Pennsylvania, however, said the opposite. A fi-

Creditors Demand \$100,000 Deposit

PHILADELPHIA (AP) — Bargain City, Inc., a discount chain with outlets in Pennsylvania and New Jersey, has been given until Thursday to post a \$100,000 deposit on a plan to pay off creditors.

Thomas J. Curtin, U.S. referee in bankruptcy, set the deadline at a hearing Tuesday after announcing that creditors for the firm, now in receivership, have approved the reorganization plan.

Under the plan the firm would pay off over a four year period 15 per cent of its more than \$3 million in debts.

Michael Criss, a Bargain City vice president, also announced a Boston group has offered to invest \$1,250,000 and assume operation of the chain. He said the group is headed by Maurice Halperin, head of the Aberdeen Toy Co.

The United States has 81 million phones. Over half of the telephones in use over the whole world are concentrated in this country.

WARNS ABOUT CANCER DRUGS

PITTSBURGH (AP)—Dr. Harry S. N. Greene, head of pathology at Yale University's medical school, warns that cancer-fighting drugs, as currently used, often do more harm than good.

Dr. Greene, who lectured on cancer at the University of Pittsburgh Tuesday, said in an interview here that the action of present drugs is not aimed at cancer's unique biological processes. Such drugs have a hit-or-miss effect that may damage healthy cells as well as cancers, he explained.

"Drugs are pulled randomly off the shelves and given to cancer patients," Dr. Greene charged. "There's no question but that, in many cases, the treatment does more harm than good."

He also scored pathologists for failing to use tissue transplanting as a valuable test for cancer. The development of tumor tissue transplanted from a human being to a rat can show accurately whether or not the tumor is malignant, he said.

"Most pathologists simply don't accept the fact that such transplants can be made," he said. "They are content to look at the tumor through their microscopes, which will tell them little or nothing."

The efforts of nearly half a million men were required to dig the Panama Canal.
